ESTABLISHED 1833. TUESDAY EVENING, NOVEMBER 4, 1884. PRICE THREE CENTS.

BALLOT BATTLES.

The Freemen of the Nation Quietly Voicing their Sentiments Through the Ballot Box.

The Republicans Lose New York, but are Striving to Steal New Jersey.

Connecticut is Doubtful and Ohio is Likely to Increase the Republican Plurality.

Cincinnati to the Front With a Fight or Two, but Chicago is Quiet.

The Weather is Damp, Wet and Cloudy, but the Vote is Very Large.

NEW YORK.

NEW YORK, Nov. 4.—In this state to-day, besides the presidential electors, the following candidates will be voted for: Two judges of the court of appeals, thirty-four congressmen, members of the assembly and in various localities the city and county officials, the judges for the supreme court to be elected, having been nominated by both the democratic and republican conventions. In twenty-six of the congressional districts there are, in addition to the nominations of the two principal parties, nominations by people's party or by the prohibitionists. In five of these districts both of these parties have made nominations. There are in New York state, outside of New York and Brooklyn, 1,994 polling places or election districts. Returns from these will be compared and sent out independent of New York City and Brooklyn. The comparison of the state will made with returns for president in 1880. The vote in that year stood: Garfield, 555,544; Hancock, 504,511; scattering, 11,895.

The weather is cool and cloudy with occasional light rain. The same condition prevails, according to telegraphic advices, in the greater part of the state. In New York and Brooklyn the voting is remarkably quiet and steady, with only the usual attendance. The various polling places in New York opened at 6 a. m. and close at 4 p. m.; in Brooklyn the polls opened at sunrise and will close at sunset, 4:49.

NEWBURY, N. Y., Nov. 4.—Rainy. Very full vote. No trouble Voting proceeding quietly. The republicans claim Blaine's majority in the city is 400 a small increase over Garfield.

HUDSON, N. Y., Nov. 4.—The election is proceeding with unusual quietness. At noon the largest vote ever taken here at that hour had been cast. The democratic electoral ticket is running considerably ahead of the state and local tickets. The indications are of a largely increased democratic vote over 1880. Reports from country towns are to the same effect. All parties are active and the vote of the country will be very large.

EVERY BODY FOR CLEVELAND.

STAPLETON, L. I., Oct. 4.—In Richmond county Cleveland will receive 400 more than Hancock's majority. A close fight on the assembly, the democrats cutting their candidate.

TROY, Nov. 4.—Light rain but average vote being polled in the city and county. Blaine running fully up to the Garfield vote 1880. The Irish Blaine vote in the city is estimated at 500. Butler's vote is not as heavy as expected.

ALBANY, Nov. 4.—A heavy vote is polled. In some wards three-fourths of the total registration was polled before noon. Butler's vote is lighter than was expected, and St. John is hardly heard of.

NEW YORK, Nov. 4, 1 p. m.—Up to this hour all parties seem to be voting steadily and squarely for their local, state and national tickets so far as observable. There has been no cutting of Cleveland by Tammany, and Tammany is casting a full vote for Grant. No trading reported. No disturbances.

NEW YORK, Nov. 4.—The various business exchanges, offices, stores and public buildings with but few exceptions are closed to-day. From all sides the struggle for the mayoralty is reported as running high with Grant and Grace. At the headquarters of the democratic national and state committees every thing was reported as prospering very favorably outside and in the city for the national ticket. It was said that everything throughout the city was quiet and that no underhanded business had been discovered. A bulletin was received at the democratic headquarters which read as follows: Early vote large; a great demand for Cleveland tickets in republican districts; no democratic defection; Butler vote imperceptible; increase in Cleveland majority indicated here and in Brooklyn. In Brooklyn the independent republicans in great force, are at the polls for Cleveland.

A dispatch received at the same place read: "New York and Brooklyn are the same at the same hour as when Cleveland was elected governor. All democratic organizations are solid. No Irish disaffection."

A dispatch from New Jersey says: "The election is progressing quietly and favorably."

At the republican national and state committee headquarters it was said that things had a favorable outlook for the national ticket and a hopeful feeling was entertained.

BROOKLYN, Nov. 4.—The democrats are rolling up a large majority for Cleveland in the democratic wards, while the republicans are working hard in the republican wards to pull it down. Leaders of the democratic party say Cleveland's majority in King's county will be from 18,000 to 20,000, but republicans contend that he will not go out of the county with more than 10,000. Butler and St. John vote very small.

OSWEGO, N. Y., Nov. 4.—The election is progressing quietly and a large vote is being cast. Reports from both republican and democratic sources indicate Cleveland running ahead and that he will carry the city by from one to two hundred majority.

GOVERNOR CLEVELAND VOTES STRAIGHT.

BUFFALO, Nov. 4.—There was a large number awaiting at the polling place where Governor Cleveland votes, to greet the governor and to witness his voting. At a few moments before 8 o'clock he appeared. He was supplied with a straight democratic ticket and taking up his position at the foot of the column, patiently waited his turn to vote. He simply said to the polling clerk: "Is it all right?" and upon being answered in the affirmative, passed on. As he passed from behind the railing some one suggested three cheers for Cleveland and those with a tiger roar, were given with a will. The governor bowed his acknowledgements. In company with C. W. Miller he proceeded to the latters stables where he took a carriage and was driven rapidly to the depot where he entered a Pullman car bound for Albany.

COOPERSTOWNN, N. Y., Nov. 4.—Indications are that Otsego county will give Cleveland more of a majority than it gave Tilden in 1876. Pendar will be elected to congress.

ROCHESTER, N. Y., Nov. 4.—The day opened wet, but by 10 o'clock was fair and dry. The election is proceeding quietly, a full vote being polled. Both parties seem to have a thorough organization and the republicans plenty of money, the democratic watchers, however, prevent its use. The republicans claim large gains in every ward in the city and estimate they will carry Monroe county by 5,000 majority. The democrats do not admit more than half this majority. Greenleaf, democrat, for congress, largely leads his ticket, but owing to a heavy vote he may be defeated. The independent republicans are polling a large vote. The Irish vote for Blaine is not greater than anticipated.

BUFFALO, Nov. 4.—The day opened cold, rainy and disagreeable, but now has cleared up. The election is passing off quietly. A few individuals have been arrested on the charge of illegal registration. Indications point to the largest vote ever polled in this city. At each voting place the number awaiting an opportunity to vote is unusually large. In the Ninth ward, strongly republican, in which Governor Cleveland votes, there is an unusually strong effort being made to carry it for him. The evident friendly regard for him, it is believed, is strong enough to carry.

UTICA, Nov. 4.—Weather raining but a heavy vote is being polled. Surface indications are that Cleveland's majority in the city will be from 300 to 500.

NEW YORK, Nov. 4.—The national and state democratic committees reported receiving favorable advices from all parts of the cities of New York and Brooklyn. It was said that both Tammany and the county democracy were acting fairly and that a very large vote is being polled. Wm. R. Grace was reported as running ahead of his ticket.

THE BETTING.

NEW YORK, Nov. 4.—Betting at the pool rooms is $100 to $70 on Cleveland carrying New York, and $1,000 to $800 on Blaine being elected.

INDIANA.

EVANSVILLE, Nov. 4.—Weather cold and threatening rain. No deputy United States marshals have been appointed. Several small fights have occurred at different precincts. A full vote is being polled and both sides are earnest and confident.

WISCONSIN.

MILWAUKEE, Wis., Nov. 4.—The day opened with a cold rain, which still continues. The heaviest vote ever known is being polled in the city and throughout the state.

VIRGINIA.

RICHMOND, Va., Nov. 4.—The prospects for a heavy vote in the state were never better, as no state officers are to be elected and no local issues in the canvass. The democrats expect to and will doubtless elect eight of ten congressmen. The basis of comparison will be on the vote for congressmen-at-large in 1882, when John S. Wise, readjuster, defeated John E. Massey, democrat, by 5,800 majority.

PETERSBURG, Va., Nov. 4.—The election thus far has passed off quietly, a heavy white and colored vote being polled at all precincts.

SOUTH CAROLINA.

CHARLESTON, S. C., Nov. 4.—The election in South Carolina to-day is for governor and state officers, members of the legislature and congressmen at large. For presidential electors there is not much opposition to the democratic candidates. The democrats have no opposition for congressmen, except in the First or Charleston district, where Taft, republican, opposes Dibble, democrat, and in the Seventh district, where Smalls, republican, is opposed by Elliott, democrat. The probabilities are that a full, average vote will be polled. The weather is warm, damp and cloudy. The vote for presidential electors will be compared with vote for electors in 1880, and vote for congressman with vote of 1882.

NO RIOT.

COLUMBIA, S. C., Nov. 4.—The report of a riot in Seneca City is unfounded.

NORTH CAROLINA.

WILMINGTON, N. C., Nov. 4.—In addition to the presidential electors, North Carolina to-day elects a full state ticket, and justice of the supreme court, members of the legislature and county officers. The issues are the tariff, education, civil rights and the question of negro rules in eastern counties. All other issues are dwarfed by the color line being drawn closely throughout the state. Concerning the result in this state the *Star* of this morning says: "We believe North Carolina is absolutely safe for an average democratic majority of from six to 8,000 on the presidential ticket.

THE ISSUES.

RALEIGH, N. C., Nov. 4.—The issues in North Carolina are those raised by the national platforms with civil rights made prominent by the Edmunds bill pending in the senate. York, liberal candidate for governor, is most heartily indorsed by the leading republicans, many of whom also have pronounced for Scales, the democratic candidate. Blaine will get some protection democratic votes. The weather is cloudy, no rain. Prospects are that it will be the largest vote ever cast. Comparison will be made with the gubernatorial vote of 1880.

NEW JERSEY.

TRENTON, N. J., Nov. 4.—New Jersey to-day votes for presidential electors, seven congressmen, a full assembly and part of the state senate. The state in 1880 gave Hancock a plurality of 2,010, follows: Hancock, 122;565; Garfield, 120,555; Weaver, 2,718; prohibitionist, 181. The comparison on the state to-day will be made with the above vote. The present delegation in congress stands, four republicans and three democrats.

ASBURY PARK, N. J., Nov. 4.—The election in this part of the state is proceeding quietly, an unusually heavy vote is being polled, the indications being of republican gains in Monmouth county.

TRENTON, N. J., Nov. 4.—There is trouble here. Prosecutor Bearsley has ordered the arrest of a number of republicans and others on the charge of bribery. It is feared there may be a collision between the citizens and the prosecutor. Warrants have been issued for the arrest of persons alleged to have sold their votes. Up to 1 o'clock a very large republican vote had been polled, the democrats apparently holding back.

JERSEY CITY, Nov. 4.—The election in Hudson county is progressing quietly, with indications that a full vote will be polled. In the Fifth district, which is strongly republican, the independent republican ticket is largely voted, while on the other hand leaders of the Butler movement in the Seventh district, a democratic stronghold, are openly advocating the straight republican ticket. It is predicted that Cleveland will carry the county by a reduced majority.

OHIO.

CLEVELAND, Nov. 4.—The weather is murky and threatening rain. The polls organized peacefully throughout the city. A heavy vote was polled early and about the same as the corresponding time in October. The ticket peddlers are at the polls very active and parties are designated by the different colored badges, the most showy being those worn by the prohibitionists.

The members of the many political clubs of both great parties assembled at their respective headquarters last evening and remained all night to be in readiness at the opening of the polls this morning. A quiet but deep interest is manifest. There are no deputy marshals or special police observable at the voting places.

Cloudy and threatening weather seems to predominate over the western reserve although it has had very little effect on the vote so far.

A special from Norwalk, Ohio, says the full October vote is being polled which will show a considerable republican gain.

At Elysia a full vote will be polled; At Ashtabula a full vote is being cast; Painesville the vote at 10 o'clock shows a republican gain over October; Ravenna a full vote is being polled; Garrettsville reports an increase in the vote up to same hour. Democratic and prohibition vote falling off. Everything is moving off quietly. Both parties are working vigorously.

TOLEDO, Nov. 4.—Rain fell steadily during the night and up to 9 o'clock this morning, since which hour the weather is cloudy, misty and somewhat colder. The voting is proceeding very quietly, about one-half of the vote of the city having been cast before 11 o'clock, being about the same in proportion as polled at the same hour three weeks ago. No disturbance is reported. The vote promises to be as full, if not greater, than at the state election. Business is quite generally suspended.

CINCINNATI, Nov. 4.—The day opened with a cloudy sky. The voting began promptly and with no disturbance at any of the voting places. At 9 o'clock a heavy cold rain set in, which had the effect to drive away all idlers, leaving only determined workers to watch the polls. No disturbances are reported anywhere except a man's jaw broken in two places, an eye put out and his hands fearfully mangled. In one precinct in the Eighth ward, where one colored man offered to vote and being refused on account of non-residence, he was knocked down and driven away. No officers are apparent about the polls except the regular police. In some places citizens' committees are present, designated by badges. It is estimated the rain will reduce the total vote at least 1,000 below the October vote. The votes polled at this hour fall short of the number polled at the corresponding hour of the October election. Nobody now anticipates any trouble during the election.

Some anxiety is occasioned here by the fact that the usual election warning has not been published according to law. The matter has been arranged by the local authorities agreeing not to vitiate the election. The rain ceased shortly after 10 o'clock and the weather is turning cooler. The vote has increased so that it now seems to be quite up to the vote at the same time of day in the October election.

COLUMBUS, Nov. 4.—The weather has been threatening and cloudy all the morning with rain falling until about two hours before noon. The indications are that the vote will fall much short of that of October. Some democrats have voted the republican ticket on account of the decision on the Scott law.

CLEVELAND, Nov. 4.—Reports from the principal towns in the western reserve continue to show republican gains. Warren, Ohio, reports that 79 first voters marched to the polls in a body and cast their solid vote for the republican ticket. Raining.

MISSOURI.

KANSAS CITY, Mo., Nov. 4.—The weather is perfect. Election progressing quietly in the city with prospects of about the usual vote.

ST. LOUIS, Nov. 4.—The election in this city is proceeding very quietly. The absence of United States deputy marshals and special policemen restore confidence and there are no indications of a disturbance anywhere. The weather early was murky and denoted rain but cleared. A large vote is being polled. It seems certain that the democrats will elect the governor and state ticket but the anti bourbon ticket, fusion of republicans and greenbackers, will cut down the usual democratic majority. The democrats claim all congressmen except in the ninth, which is doubtful.

M. K. McGrath, secretary of state, one of the best political statisticans in the state, estimates the majority for Cleveland electors at from 60,000 to 75,000, and the nominee for governor a plurality of from 50,000 to 60,000.

MAINE.

PORTLAND, Me., Nov. 4.—The first comparison shows wards One, Two and Three stood at 10.30 a. m. 87 republican plurality against 65 at the same hour in September. The vote in smaller, but the plurality larger. At 11 o'clock returns from the Second, Fifth and Sixth wards show a republican gain of 50 per cent.

ILLINOIS.

CHICAGO, Nov. 4.—The weather is cold with a drizzling rain and locomotion is impeded. Special dispatches to the Associated Press received at 9 a. m. state that it rained all night at Detroit and is still threatening. It snowed all night at East Saginaw, and is now raining hard. Cloudy and threatening at Fort Wayne and Crestline, and clear and pleasant at Youngstown. It rained all night at Toledo and still cloudy and cool at Lafayette and Terre Haute, and threatening rain at Richmond. Cloudy and cool at Indianapolis, cold and damp at Omaha; threatening rain at Marshaltown, Ia.

10:30 a. m.—Despite the disagreeable weather the outlook at this hour is for the largest vote ever polled in the city. No disturbances up to this hour, and the feeling is that the day will be comparatively quiet. All banks and exchanges are closed, as are nearly all large business houses.

GEORGIA.

ATLANTA, Ga., Nov. 4.—Cloudy and some rain. A light vote is being polled as unregistered negroes are blocking the polls. Perfect order prevails and the efforts of the negroes to repeat and vote more than one ticket creates the only amusement. The feeling has turned in favor of Cleveland.

FROM THE SOUTH.

SAVANNAH, Ga., Nov. 4.—The election is progressing quietly in southern Georgia. The weather is threatening rain. The indications are that a light vote will be polled, owing to the fact that no canvass had been made. The state is considered certainly democratic.

MARYLAND.

BALTIMORE, Nov. 4.—The election today is for electors and members of congress. All four parties have electoral tickets in the field.

BALTIMORE, Nov. 4.—A large vote is being cast. So far as heard from throughout the state both parties are hard at work. Little attention is paid to the Butler ticket, but in this city St. John is expected to get a considerable vote.

CONNECTICUT.

HARTFORD, Nov. 4.—The elections in Connecticut are for presidential electors, governor, other state officers, members of congress, half of the senate, the entire house of representatives and judges of the probate court. The weather is overcast but interest is intense and the largest vote ever polled in the state will probably be cast. Comparisons will be made with the presidential vote of 1880, and gubernatorial and congressional vote of 1882.

BRIDGEPORT, Ct., Nov. 4.—Heavy vote polled. Nearly two-thirds of the entire vote was cast by noon in favor of the republican ticket. Little scratching.

NEW HAVEN, Ct., Nov. 4.—A very heavy vote was cast early, the independents voting largely and mainly the entire democratic ticket. The Butler, Irish-Blaine and prohibition vote is insignificant.

HARTFORD, Conn., Nov. 4.—The election is passing quietly and a large vote is being cast. At 3 o'clock 75 per cent. of the total vote had been cast. Both parties claim to be holding their own. The independent vote is falling considerably below what had been expected by the democrats.

MASSACHUSETTS.

BOSTON, Nov. 4.—The weather is cloudy. Four tickets are in the field, democrat, republican, people's and prohibitionists. The vote will be large. All of these tickets have electoral, gubernatorial and congressional candidates. George D. Robinson, the present, incumbent, is the republican nominee for governor; William C. Endicott, the democratic candidate; M. J. Cafferty, the people's candidate, and Julius H. Seelye, of Amherst, the prohibition candidate. In the Twelfth congressional district, the four parties are represented by candidates. In the Sixth district, Henry Cabot Lodge, republican, is making greate efforts to defeat H. B. Lovering.

BOSTON, Nov. 4.—The following is the entire vote of Hull for president: Cleveland 49, Blaine 26, St. John 13. For governor, Endicott 45, Robinson 29, Seelye 12.

COHASSET, Mass., Nov. 4.—The total vote here is as follows: Blaine, 237; Cleveland, 138; Butler, 2;. St. John, 17.

LOUISIANA.

NEW ORLEANS, Nov. 4.—It is believed the vote will not be heavy, though the weather is pleasant. Comparisons will be made with 1882 and last presidential election.

FLORIDA.

JACKSONVILLE, Florida, Nov. 4.—The polls opened at 8 o'clock with weather fair, which indicates a full vote. The principal features of the canvass have been congressional fights.

PENNSYLVANIA.

PHILADELPHIA, Nov. 4.—The day opened in Philadelphia with the weather over-cast and threatening rain. The vote to be polled is only for presidential electors and congressmen at large.

WEST VIRGINIA.

WHEELING, W. Va., Nov. 4.—The weather is fair and the election quiet. At 11 o'clock a large vote was polled. In this city the chief interest is on the congressional contest. The present incumbent is a republican.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 4.—In the biennial state election to-day, ballots are cast for presidential electors, governor, five members of the executive council, 24 senators and 325 members of the house of representatives.

DELAWARE.

WILMINGTON, Del., Nov. 4.—The presidential electors and a member of congress will be chosen, together with full county tickets in each of the three counties.

JAMAICA, Nov. 4.—A heavy vote is being polled in Queens county. The prohibition and Butler are light. Many republicans are cutting the electoral ticket.

What Those Say

Who have suffered with Rheumatism and Neuralgia.

"RIVERSIDE, Cal., July 18th, 1881.
"I used a bottle of ATHLOPHOROS and received much benefit. I thought my Rheumatism was almost incurable, but the benefit I received gave me confidence for the future. The pain has been removed to a great degree. It appears to me a miracle the relief it afforded. GEORGE MARSHALL."

Mrs. John D. Nutting, North Creek, N.Y., writes:
"I have used ATHLOPHOROS in a number of cases of chronic Rheumatism with wonderful success. I believe I should have been a cripple only for ATHLOPHOROS."

Such testimonials telling what

ATHLOPHOROS

IT HAS done are the best evidence as to what it WILL do FOR YOU.

Mrs. J. Nelson Jordon, of Ellsworth, Me., writes:
"Having been for a year a great sufferer from Rheumatism and Neuralgia I tried ATHLOPHOROS. Have taken nearly all of a bottle, it has given me strange and peculiar sensations, especially in my head, but if I had first taken the medicine and then been called on for payment and found the bill $500, I should never have complained. I must have more of it. Must have some for my husband and aged mother."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed.

OFFICIAL PAPER COUNTY AND CITY.

It is time to drop politics and boom business.

MOR. CAPEL traces the frequency of suicide in this country to two causes—too much mental forcing of the young and too little moral training.

NOT since 1860 has interest in a presidential contest been so general and intense. In 1876 the anxiety was great, but hardly reached the tension now apparent throughout the country.

GENERAL and Mrs. Logan spent Sunday in Indianapolis at the residence of John C. New. Among the callers upon Mrs. Logan were Mrs. Thomas A. Hendricks and Mrs. Joseph E. McDonald.

"GATH" declares that the campaign has intensified in interest until it has surpassed in processions, demonstrations and great outpourings even those of the war period. There is no doubt but what it has become uncommonly lively, especially in the east.

A POLITICAL campaign makes it plain that there are thousands of men in America who would sacrifice liberty, honor and the republic for the success of their favorite presidential candidate. This nation will suffer from too much politics and not enough patriotism.

THE reduction in the public debt for September was $8,307,193, and for the four months just closed, $32,890,373; against $18,304,799 and $39,585,470 for the corresponding periods of last year. The reduction made last month was in the discharge of non-interest bearing debt, mainly called bonds.

MAJOR ISAAC W. WALKER, a prominent Democrat, who died at Richmond, Va., Thursday, begged his medical attendant to prolong his life until Tuesday next, in order to enable him to cast his vote for Cleveland and Hendricks. He said he wanted the last act of his life to be to deposit his ballot for the candidates named. Had it been possible for Major Walker's life to have been prolonged until that day it was his intention to be carried to the polls on a stretcher.

A MEMBER of the Philadelphia Academy of Sciences exhibited at a recent meeting a vial of melted ice; such as is used for cooling drinking water. It was full of living worms, belonging to the same family as the common earth worm, besides a number of microscopical animals, all alive. They had survived the freezing of the water in which they lived, and seemed rather to have enjoyed it. It seems of little use to filter the water if the cooler is afterwards to become an aquarium, anyhow. We can not escape taking meat with our drink.

FALL OF KHARTOUM.

In the fall of General Gordon and Khartoum, British interests in Egypt have received their worst and probably final blow. General Gordon was the ablest and most adroit commander England had to command her Egyptian army, but the penurious and annihilating policy of the government towards the forces at Khartoum have had their legitimate effect. The story of Gordon's downfall is interesting. The Mahdi, in the beginning of September, hearing of the advance of the British forces, made a superhuman effort to reduce Khartoum, which place, at the end of September, was surrounded by 150,000 rebels. Supplies failing, the garrison began to waver. A deputation of officers complained bitterly to General Gordon that they had been deceived by a promise of British assistance, and they accused him of aiding in the deception. The deputation of officers also demanded that a retreat be made to Dongola, and threatened if this action was not taken they would join the mahdi. General Gordon thereupon consented to the plan proposed. Meanwhile a panic arose and 8,000 soldiers and civilians deserted in a body. Two thousand men remained faithful and embarked with Gordon. The rebels were advised of what had occurred, and harrassed the retreat to Shendy, where masses of the rebels, provided with artillery, disabled the flotilla. Only Colonel Stewart's vessel succeeded in passing Berber, and shortly afterwards it was wrecked. The remainder of the flotilla was obliged to return southward, and on reaching Shendy the entire force was captured. About the 5th of October General Gordon was sent under a strong escort to the mahdi's camp, where he is now a close prisoner.

THE CAMPAIGN IN THE SOUTH.

It may be of interest to know that torchlight processions and the usual demonstrative accompaniments are total strangers to the south, and the political situation there is such that the state contests over shadow the national. In some quarters the issues are very peculiar. In North Carolina, for instance, the main question arises out of the geographical distribution of the negroes. In the whole state there are about two-thirds more whites than negroes, but in many counties the negroes have decisive majorities, which would enable them to control the elections for local officers under the system which is in vogue in most of the states and which prevailed in North Carolina during the carpet bag regime. The enormities then perpetrated in county administration, however, aroused indignation and when the democratic party obtained control of the legislature they passed a law vesting the appointment of various county officials in a set of men called magistrates who are elected by the legislature. The party controlling the legislature thus controls all the county governments. This arrangement is a source of ceaseless trouble. Many counties, especially in the western part of the state, have very few negroes, and naturally the whites, irrespective of party, do not like to be deprived of the right to elect local officers. In the counties where the negroes outnumber the the whites the race feeling is so strong that many white republicans favor the law. The republicans are taking advantage of the discontent in the western counties and supporting for governor a democrat who is opposed to the law.

THE NEW ORLEANS WORLD'S FAIR.

The south is rapidly growing in wealth and the characteristic energy of its people is developing the great resources of that region. No better evidence of this is required than the forthcoming World's fair to be held at New Orleans, La. Director General Burke has completed a full report of the progress of the preparations for the exposition. The main building has been completed, and exhibits are now arriving for installation. The extension of the machinery hall, an iron building, requires only sash and flooring, making that hall now about 1,948 feet in length. But little space remains in the machinery department. The Worthington water works are completed and water placed in the boiler. This magnificent plant will be ready to-morrow to supply 3,000,000,000 gallons of water daily. Filtered water is furnished at the rate of 80,000 gallons per hour. Steam will be raised for the purpose of testing the boiler, engines and shafting on November 20. Horticultural hall is being rapidly filled up with rare plants. Large shipments are arriving from Central America and Florida. Eight thousand northern and southern evergreens were purchased and contributed, and are rapidly being placed on the grounds. The walks will all be completed Nov. 15. The saw-mill building, 600 feet long, was completed yesterday. The building for the government and state exhibits is the handsomest building on the grounds, and has as much floor space as the main centennial building. The director general notifies state commissioners that their exhibits can come along at any time. The building will receive exhibits on the 10th of November, and every state and territory is now represented.

The erection of stables is progressing rapidly, stalls being provided to stable 1,000 horses. Suitable cattle and horse barns are built, and the stock arena is half a mile from the track. A Wisconsin dispatch says Jay-Eye-See and Phallas will be exhibited, and arrangements are being made for other noted horses. The stables are 1,800 feet long, and the line of stock exhibits will be the largest ever made before.

Edison's agent arranged for space for a splendid exhibit and opened an office in the main building. Six 100-horse power engines run their light draft motor. The agent arranged to put trains inside the main building around the gallery, nearly one mile, also for roads in the grounds. The Jenney company, of Ft. Wayne, has commenced foundations for five towers, which, with 100 standard arcs and five 36,000-candle power lamps, will make the grounds appear as light as day.

The Pullman company closed arrangements for exhibiting a miniature of the city of Pullman, 160 feet long by seventy-five feet wide. The splendid building of the Mexican commission is nearly ready for occupancy. Mexican exhibits left the City of Mexico October 31, via the Mexican Central railroad and El Paso. Commissioners of France, Mexico, Spain, Brazil, Portugal, Japan, Honduras and Guatemala are here, arranging for the installation of exhibits.

Mr. Burke is arranging with Diaz, who will be inaugurated December 1, to adjourn the Mexican congress on the 10th of December, and it is also expected the American congress will adjourn the 12th of December, so the exposition can be opened in the presence of the presidents of the United States, Mexico, the Central American republics, the heads of departments and foreign representatives.

The action of the board of management in deferring the opening until President Arthur can inaugurate the exposition is warmly approved by the community. His warm support of the exposition is appreciated all over the south, and the management declares it will be a source of intense disappointment to the people if opened without him. The delay will enable the delinquents to get into position and avoid much of the confusion incident to the opening of the exposition. Mr. Burke reported to the management yesterday that if they would roof the park over 277 acres and give him sixty days the applicants for space would fill it.

Wayne Township Institute.

The first institute of Wayne township was held November 1, at school house No. 7.

Miss Probasco was chosen secretary, Mr. Philley and Miss Hamilton were appointed committee on resolutions, Miss Green and Mr. McKee, committee on programe. The exercises were opened by music furnished by Mr. Philley's scholars. Mr. Gaffney delivered an address to teachers and visitors which was followed by an address by Mr. Philley on "The New Course of Study," on which there was quite a discussion.

Next in order was a recitation by Miss Clara Shirley, which was followed by an essay on "American Literature" by Miss Hamilton. Miss Gable then gave a recitation followed by an essay on Orthography by Miss Kelsey. The recitation, "The Superfluous Man," by Miss McKee, was perfect. Miss Green then gave her ideas of the manner of teaching geography, which was thoroughly discussed by the teachers. Noon hour being at hand the institute adjourned for one hour, the teachers going to Mr. Philley's, where they were royally entertained.

The first thing in the afternoon was a thorough explanation of percentage by Mr. Methley.

Miss Probasco then gave her manner of teaching physiology, which was followed by the recitation, "Independence Bell," by Willie Gaffney. Mr. McKee then told his manner of teaching "Primary Grammar," which was thoroughly discussed by the teachers.

Miss Gaffney then gave a select reading, after which the institute adjourned to meet in four weeks at No. 5.

The committee on resolutions adopted the following:

Resolved, That thanks be given to Mr. Gaffney for his kindness to the teachers in providing a conveyance to No. 7, and also to the pupils for their recitations and music, which contributed so much to the pleasure of the occasion.

Resolved, That the thanks of this institute be given Mr. and Mrs. Philley for the manner in which they received and entertained the teachers at dinner.

Resolved, that a copy of these resolutions be given to the different papers for publication.

If you feel yourself growing weaker, your strength failing, the functions of your body becoming impaired, take warning in time! Your blood is starving for want of nourishment. Dr. Guysott's Yellow Dock and Sarsaparilla is food for the blood. It purifies this stream of life and strengthens every part of the body rebuilds a broken down constitution, produces dreamless slumber, and restores wasted energies and a shattered nervous system. A trial bottle will convince. No other remedy equals it.

The senatorial elections in France will be held January, 4, 1885.

THE CITY.

The new Wells street bridge is ready for travel.

Ex-Auditor W. T. Abbott now resides in the city.

Mrs. Leopold Wolf is visiting her parents at Lansing, Mich.

Detective Tom Doyle, of the Baltimore and Ohio road, is in the city.

In the Fifth and Eighth wards rousing democratic meetings were held last night.

Fort Wayne needs a new city directory, not the old one with a new cover.

Conductor Awibs, of the Grand Rapids road, was voted the silver lantern at the Avilla fair.

Dan Sully's "Corner Grocery" is one of the funniest shows on the road. It comes here next Monday.

The Jeffersonian club will now become a chartered and permanent organization, with fashionable headquarters.

The advance seats for "Young Mrs. Winthrop," to-morrow night, can now be had at Woodworth's drug store.

A few city papers are quite severely rebuking local ministers for their part in politics. This warfare will not benefit any one.

Mrs. Fannie Patterson, *nee* Withers, returned from Chicago last night, quite ill. While at Chicago she was the guest of her sister.

Councilman George Haigh, of Logansport, shot a negro dead the other night. It was not a political quarrel, because both are republicans.

William P. Breen, B. W. T. DeWald and M. V. Walsh held a big democratic meeting at Hoagland last night and boomed the cause of democracy.

Rt. Rev. Bishop Dwenger and his theologian, Rev. Father Walters, left today for Baltimore to attend the great plenary council of the Catholic church.

To-morrow night the pretty drama, "Young Mrs. Winthrop," will be presented at the Academy by the Madison Square Theater company No. 1, the best on the road.

Lucius Cordeway, a child five days old, died on Sunday at the family residence, 316 Lafayette street, of inflammation of the bowels. The remains will be interred at Arcola to-morrow.

Officers are here with warrants for the arrest of republicans who assaulted several democrats at Huntington during their visit their last Saturday night. The orgies of the Fort Wayne republicans at Huntington were disgraceful.

On Saturday night occurred the death of Mrs. Emeline Stewart, of Spy Run avenue. Her age was 50 years. Death was caused by inflammation of the bowels. The funeral will be on Wednesday morning at 10 o'clock from the residence.

By a strictly party vote the council last night authorized the mayor to appoint special policemen to preserve the peace of the city if the occasion rquired it. Councilman Hamilton bitterly denounced the course of the opposition party for demanding federal interference and making the action of the council necessary.

The nut crop in this locality is much lighter than for years, and of an inferior quality, a considerable portion being shriveled and blasted. The winter apple crop was also lighter than for several years when picking time came, though promising such an abundant crop in the early spring and summer, the fruit having fallen badly all summer and fall, many with large orchards not having sufficient to winter them when picking time came.

Brignoli, the great tenor, was very superstitious, having a horror of number thirteen. To such an extent did he carry his hatred of this number that he would not commence a journey, sign a contract, take the prime step in any business on the 13th of the month. Friday he regarded with great suspicion, nor would he make his first appearance on that day in any place. He also made it a point of running against any hunchback he happened to meet, and rubbing his hump for good luck.

Last Sunday afternoon Father Walters reconsecrated the Catholic cemetery south of Lafayette, hundreds of people being present. Last spring a young man named Geary accidentally shot himself, and permission to bury him in the family lot was refused on the ground that he died outside the church. The bishop obtained a restraining order prohibiting his burial there, but this order was afterwards dissolved by the court and the remains interred. Bishop Dwenger then excommunicated the Geary family and put an interdict on the cemetery. Sunday the graveyard was reconsecrated, save the Geary lot, which has been fenced in by a five-foot wall and thus separated from the remainder of the cemetery.

This is democratic weather.

The Wabash and Murray manufacturing shops are closed because of the election.

The drunken orgies of the republicans at Huntington Saturday night were disgraceful.

The carpenters and painters, at work on the new Wabash depot, suspended labor to-day.

E. T. Brackenridge, of the general freight office of the Wabash at St. Louis, is in the city.

Hereafter the Wabash pay car will leave St. Louis on the 13th of each month, arriving here about five days later.

Mail was late in delivery this morning, probably because the carriers were dabbling in politics.

Relatives from Germany are the guests of Henry Niebergall, the baker, of East Washington street.

Judge Allen Zollars and Judge W. G. Colerick, of the supreme court bench, come home to vote.

The *News* spared no pains to ventilate every shameful scandal of this nasty campaign, but was greatly shocked to see the Cleveland visitors marching to the train Sunday. This smacks of hypocrisy.

Sheriff Scheifer had bogus democratic tickets struck off yesterday. All the democratic candidates are on the ticket save DeGroff Nelson. The trick was detected and exposed to Mr. Scheifer's detriment.

The indications for the lower lake region as reported by the weather bureau at Washington to THE SENTINEL are as follows: Cloudy weather and rain, variable winds, shifting to westerly, colder weather in the western portion, stationary temperature in the eastern portion, followed by falling barometer.

WHO IS JOSIE?

A Fort Wayne Woman Figures in a Social Sensation at Walkerton---An Unpaid Boardbill or Too Many Wives.

The times are never so troublous that Fort Wayne cannot loom up with a sensation. Some weeks ago "Wm. Bussel and wife" registered at the principal hotel in Walkerton, Ind. Mr. Bussel was an insurance agent and quite a slick cove, but he neglected to settle his boardbill with customary regularity and Landlord Giberson raised a row about the matter and finally informed Mr. Bussel he was a dead-beat, and that he did not believe that the woman whom he had with him was his lawful wife. The woman was very much agitated, produced a marriage certificate, and asserted that Will Bussel was her lawful husband. She informed another party that her name was Mrs. Josie Bussel, and that her address was 130 West Jefferson street, Fort Wayne, Indiana.

Mr. Giberson took what baggage they had and the insurance man and his woman left the city, going to Laporte, and from there to Michigan City.

A few days ago Mr. Giberson received a letter from Bussell's original and only wife, who lives at Indianapolis. She denounced the Fort Wayne damsel as naughty and expressed a desire to relieve her husband of his cranium covering. The question now arises, who is Josie?

THE TEMPLE OF THESPIS.

A Brief Resume of Masonic Temple and Its Opening Season.

As the time for the opening of the Masonice Temple approaches the interest in this event deepens and not even the excitement of election week can lessen its absorbing nature. It has been several years since the Temple was first projected and many have believed that the costly character of the enterprise would prevent its being completed. Now, however, they are to be happily disappointed. The Temple is ready for dedication, and one of the popular opera companies in the United States is to perform the first service. It will be a delightful and desirable place for recreation, comfortable for the audience and convenient for the performers, comprising every device for safety, heating and ventilation, and fitted up with a degree of beauty that will be a surprise to its patrons. The opera of "Semiramide" will take on new beauties from its gorgeous setting and we shall have not alone one performance, but a series of them rivaling in excellence and completeness those given in the great metropolis of the country. There is but one thing more to be done to make this what it should be. That is for our citizens to take every remaining seat in the auditorium for the opening nights and thus show their appreciation of the enterprise and public spirit which has provided them with one of the most beautiful temples in America. Choice seats can still be secured for every one of the opening performances.

MARKLE IN ASHES.

The Adjacent Village Visited by a Destructive Blaze---The Principal Business Houses Leveled.

Late Sunday night the dread alarm of fire was sounded at Markle, a village in Huntington county, not far from Fort Wayne. In a short time the whole town was up and a stirring, the seat of the fire being in Buffington's drug store on the inside. Nothing was saved from the store, and the Buffington residence was the next to be consumed, although all the things were taken out. The hardware store belonging to Mr. Beal was also consumed and two saloons owned respectively by McClurg and Wallace. The loss is considerable and as to the amount of insurance we are unable to learn at this writing. The fire is supposed to have originated from a defective flue.

No disease will trouble you if you keep your blood pure, your kidneys strong, your bowels regular and your mind clear by an occasional use of that great reviver and supporter of health and strength known as Dr. Guysott's Yellow Dock and Sarsaparilla. Its praise should be in every mouth! Its merit should be known by all!

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism.

Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water.

All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters: I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in my case; otherwise I would have been now in my grave. J. W. Morey, Buffalo, Oct. 1, 1881.

Poverty and Suffering

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring.

I was completely discouraged, until one year ago, by the advice of pastor, I commenced using Hop Bitters, and in one month we were all well, and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost. BY MAIL POSTPAID.

KNOW THYSELF.

A Great Medical Work on Manhood.

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 23 years is such as probably never before fell to the lot of any physician. 300 pages, bound in beautiful French muslin, embossed covers full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1.00 by mail, postpaid. Illustrative sample 6 cents. Send now Gold medal awarded the author by the National Medical Association, to the officers to which he refers.

This book should be read by the young for instruction, and by the afflicted for relief. It will benefit all.—London Lancet.

There is no member of society to whom this book would not be useful, whether youth, parent, guardian, instructor or clergyman.—Argonaut.

Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch street, Boston, Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated success fully without an instance of failure. Mention this paper. Oct23-4w

Canadian money circulates in Buffalo.

"I was all run down and Hood's Sarsaparilla proved just the medicine I needed," write hundreds of people. Try it now.

James Adams and Ellen Smith, of Cedarville, were married by Justice Ryan yesterday.

What consolation is it to a man who has slipped and broken through a cellar grating to be told by Christian men to "flare up, hit it harder and then use St. Jacobs Oil."

Louis Schirmeyer, of the Banner clothing store, who has been sick for some time, is able to be about.

Why is it that so many neglect coughs and colds until they get consumption? Why is it so many die of consumption? It is because they will not come and be healed. Every one knows a sure conqueror of throat and lung diseases is Dr. Wistar's balsam of wild cherry, and that it can be got of any druggist.

The Saengerbund society will lease Hake's new hall, in Bloomingdale, and give their entertainments there. The first concert occurs the eve of Thanksgiving Day.

There were all the evidences of a coming storm; the very air vibrated with the odor of danger; but which the kind father took from his pocket a bottle of Dr. Bull's Cough Syrup, then came a calm, for the baby had the croup and would now get well.

Casper Neirister Monday went before Esquire Ryan and made affidavit that his brother, Henry Neirister, is of unsound mind and dangerous to the community. Henry lives near Hoagland and was before in the asylum.

To cure whistling, a Canadian physician recommends that a stronger boy be sent to knock the whistler down each time he commences. The same doctor told a patient that, if he wanted to be cured of Malaria, he would have "knock it down" with Victoria Pills.

The Masonic Temple will be closed to visitors until Thursday evening, on account of laying carpet and silk draperies.

A poor man in Philadelphia, who had suffered terribly from rheumatism, borrowed a dollar with which he purchased a bottle of Athlophoros. He tells the result as follows: "I took my first dose Tuesday afternoon, and on Wednesday, after but seven doses, I had not a sharp or severe ache left. I was able to be steady at work till Saturday, when I took a severe cold and was unable to use my left hand. I purchased another bottle, and by bed time I found relief."

Don't forget the opening nights of roller skating rink, at Anderson's hall, Nov. 7 and 8. 4-3t

The Vote in Fort Wayne.

The day opened cloudy and disagreeable under foot, but the interest did not lag a bit. Both parties worked with unprecedented determination, and the largest vote in the history of the city will be polled. In the strong democratic wards the democrats predict gains, while in the first precinct of the Fifth ward and in the Fourth and Sixth wards the republicans make claim to gains. Elsewhere the democrats are ahead, and the indications are that the democratic majority will approach that of 1876. No special police were appointed, the United States marshals being divided between the two parties. There was some challenging and exchange of hot words, but no disturbance whatever, and the federal officers or local police had no occasion to interfere. The saloons are tightly closed and no drunkenness is visible. The boys will cut loose to-night, however, and vanquished and victor, alike, will proceed to toy with the flowing bowl.

I Feel Better.

How cheerful a man looks when he is saying these words! And what a delightful thing it is to help to make him feel better! And what a privilege to know that ten thousand people all over the United States are to-day saying, "I feel better," because they have been taking Brown's Iron Bitters! Mrs. J. A. Edson, of 38 Medford St., Chelsea, Mass., writes that she suffered with kidney disease and blood troubles, and that she used three bottles of Brown's Iron Bitters. As the result of this treatment she says: "I feel better than I have for a long time, and I believe I am cured."

Stabbed for a Dead Rat.

WASHINGTON, Ind., Nov. 4—Will Clark, aged thirteen, stabbed Berry Thompson, aged thirteen, in this city. The stabbing occurred over a quarrel about a dead rat. The wounded boy, though seriously injured, will recover.

Many persons are under the erroneous impression that liver complaint belongs to the category of incurable diseases. If they could see the testimonials showing the cures that have been effected by Mishler's Herb Bitters, their ideas on that point would change. Mrs. Annie Musselman, of Lancaster, Pa., says: "I suffered for ten years with liver complaint, and our best physicians failed to relieve me. Mishler's Herb Bitters cured me."

M. Carrey has been appointed French consul at San Francisco. M. Vanvert DeMeau, whose place he takes, retires with the rank of officer of the Legion of Honor.

A great many lives saved. When the life of a hero or a heroine is risked in some great danger, to save the lives of a train full of passengers or a boat load of people, or even a single life is saved by some daring act of bravery, all the world stops to admire and applaud. Yet how many thousands of lives are saved by the quiet untiring work of a good medicine, ever ready in so many homes, to guard the well and save the sick. Such is and has been the experience with Pond's Extract, for over two generations of healing and saving. It is used internally as well as externally, for piles, sprains, boils, burns, sore throat etc.

Hay Fever.

For twenty-five years I have been severely afflicted with hay fever. While I was suffering intensly I was induced, through Mr. Tichenor's testimonial, to try Ely's Cream Balm. The effect was marvelous. It enabled me to perform my pastorial duties without the slightest inconvenience, and I have escaped a return attack. I pronounce Ely's Cream Balm a cure for hay fever.—Wm. T. Carr, Presbyterian pastor Elizabeth, N. J.
